

Tork wiping paper and
cleaning cloths

**Spend more time producing,
less time cleaning**

Reduce cost

**Improve
efficiency**

If you're still using traditional rags for wiping and cleaning, an opportunity for measurable improvement is yours

Small changes can add up. Save a few seconds here or a few cents there and soon you'll have a real competitive advantage. The right tools could be the difference.

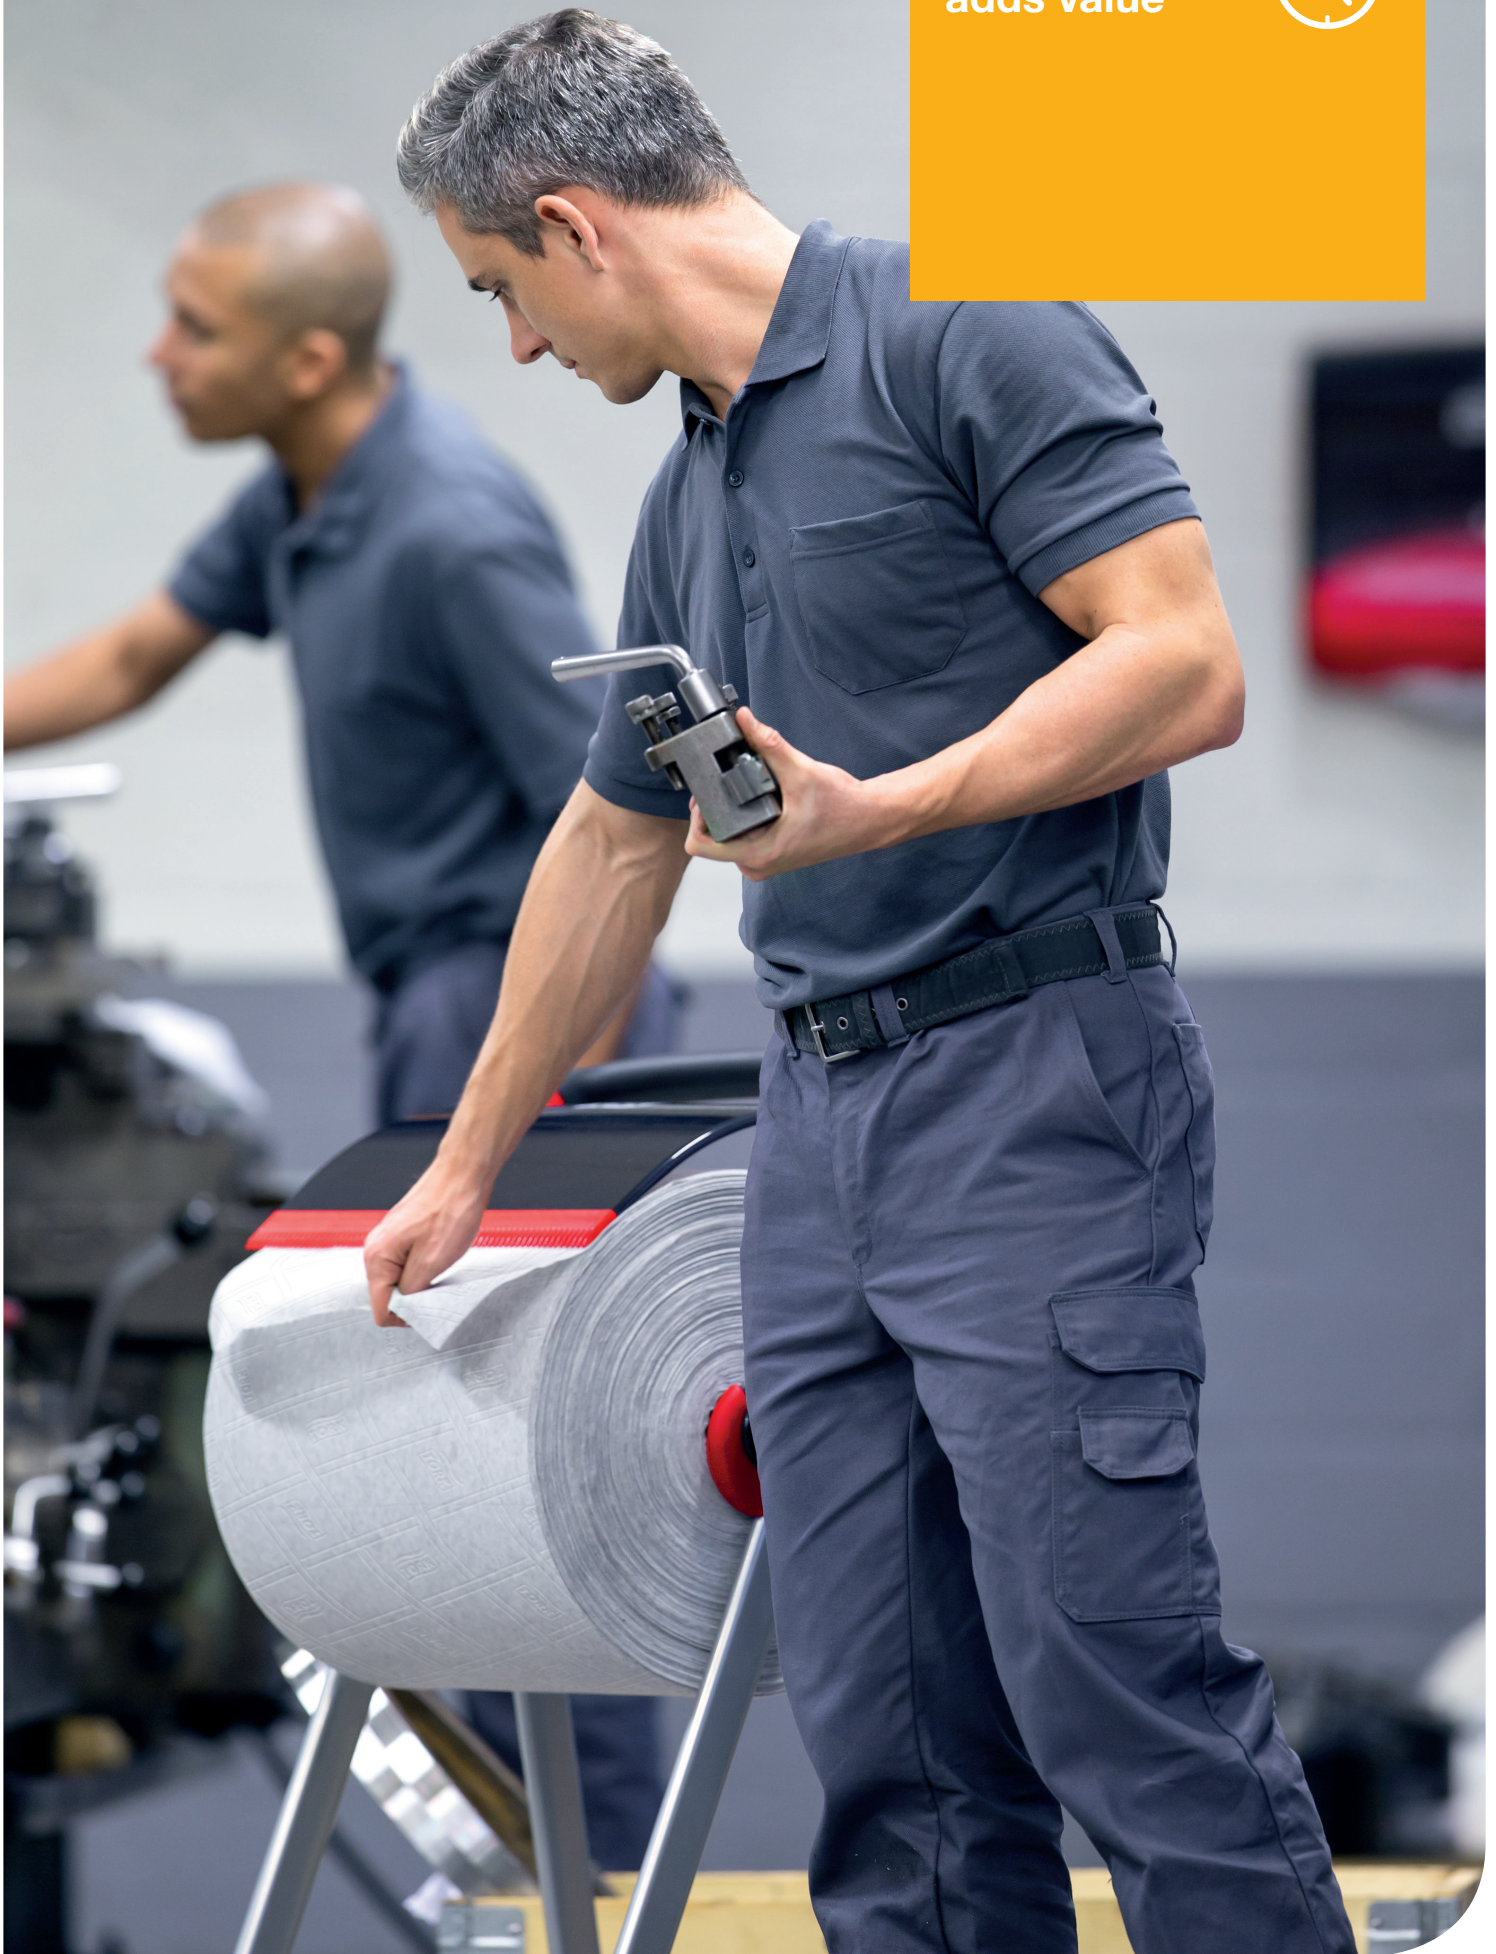

Tork cleaning cloths provide real, production-line advantages you can test. They're always consistent in quality and size, and more effective with less effort. Unlike rags, Tork cleaning cloths are specifically made for the job – with no risk of surprises that can slow routine maintenance or delay production.

Is it time to retire your old rags? Read on. We'll show you how the Tork range of cleaning cloths and convenient dispensers can help you realize performance efficiencies that your good-old rags can't deliver. We'll show you why customers like you are switching to Tork.

“It's simple. I make money making valves, not cleaning. A trusty cleaning cloth helps me and my machine get back to work faster.”

**Mike Getoor, Leadman,
Richards Industries,
Cincinnati, Ohio**

Saving time
adds value

Do you have the right tool for the job?

We make a range of professional wipes for wiping, cleaning and polishing. Each one is made for a specified task yet versatile enough for multi-purpose use. But like all tools, Tork wipes are designed to do the job right, time after time, without the risk of damaging equipment or your finished product. Consistency is key. Quality and performance never vary.

With the best wipe for the job selected and a handy dispenser nearby, your people save effort for what matters: production. No time is wasted going back and forth searching for the right one.

Save time for the work that adds value

- Improve workstation productivity
- Reduce workplace clutter
- Minimize downtime

Switching to Tork is easier when you see the numbers

Can Tork cloths outperform rags and even make tough jobs easier? We asked an independent research company, Swerea Research Institute, to define some real tough tests to see for ourselves. The results below are convincing.

Set up your own test. Tork cleaning cloths can save you money and speed up your tasks so you can be ready sooner for production.

New branded sheets assure Tork quality.

Cleaning time

32-35%
less time*

Solvent used

40-41%
less solvent*

Effort perceived

20-31%
less effort**

Clean, safe and orderly; consistency is key

Tork cleaning cloths with exelCLEAN® patented foam-spun technology outperform textiles. Get professional results quicker compared to rags and rental shop towels with exelCLEAN®.

* **Test one:** Removing paint that had dried for 4 minutes from a metal surface 60 x 90 cm with the aid of a solvent, white spirit. The paint, alkyd based primer, was applied by a roller. Panel participants started off by using 10 ml solvent and were able to add more solvent into the cloth in steps of 5 ml per occasion. Cotton rags and mixed rags were compared to Tork Heavy- Duty Cleaning Cloths. Panel test conducted by Swerea Research Institute, Sweden, 2014.

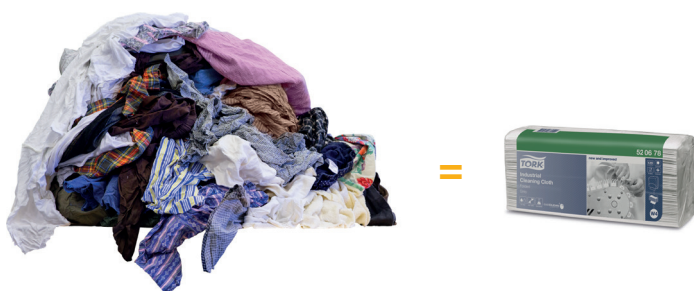

** **Test two:** Removing 10 g of a mix of asphalt 2/3 and grease 1/3 that had dried for 1 hour, from a metal surface 60 x 90 cm with the aid of a degreaser, CRC brake degreaser. After the task, panel participants were asked to evaluate the effort/work needed on a 1-4 scale with perceived effort being; **1)** very easy, **2)** easy, **3)** tough, **4)** very tough. Cotton rags and mixed rags were compared to Tork Heavy Duty Cleaning Cloths and Tork Industrial Heavy-Duty Cleaning Cloths. Panel test conducted by Swerea Research Institute, Sweden, 2014.

Create less waste. Add more value

Pound for pound, Tork cleaning cloths work smarter. One rag weighs an average of eight times as much as one Tork Industrial Cleaning Cloth. They both can do the same job. Switch to Tork and your waste handling costs can be reduced by up to 85%.

Box versus bundle, packages of Tork cloths are easier to manage and store: New compressed packages of Tork cloths save more than five times the space compared to bulky bundles of rags.

When you add the operator time and solvent costs saved as well, you can see how Tork cleaning cloths can save time, money and effort while helping to minimize environmental impact.

Rags use **5,5**
times more space

Improve workplace functionality – for people and profits

Tork supports today's lean manufacturing practices and 5S to improve safety and productivity. With consistent, high quality products delivered from protective dispensers in controlled amounts directly at the point of use, Tork can help you keep the workplace organized and processes streamlined.

Tork support at every step

Sort

Select the purpose-made wiper for each workstation.

Set in order

Keep cleaning cloths organized in easy-to-spot red and black dispensers that ensure hygienic cloths and eliminate clutter.

Shine

Avoid unplanned maintenance stops. Place high-quality cleaning cloths at workstations to ensure clean equipment and quick detection of leaks and defects.

Standardize

Support best practice work methods with the right wiper systems.

Sustain

Follow-up regularly to evaluate and maintain correct procedures.

Are you ready to test the Tork system?

Tools are a source of pride for many workers. Put a better tool in a worker's hands and they'll do a better job. The same goes for their workplace. A well-organized environment with well-maintained machines inspires productivity and improves quality – that's real value your customers will pay for.

Tork Industrial wiping and cleaning systems raise the bar. They help minimize downtime to increase output – so you're ready to be more competitive. Ask your colleagues to test and compare Tork purpose-made industrial tools to working with rags. When everything is evaluated, the advantages for people and profits will be clear.
